Re: Talk at the Chemical Signals in Vertebrates Conference 2017 in Cardiff/ Wales

Dear Prof. Liu,

As the organiser of the next Chemical Signals in Vertebrates CSiV conference to be held in Cardiff, Wales/ UK between 29th of August and 1st of September 2017, I would like to invite you to give a talk on "The different over-marking strategies in the giant panda".

Please let us know if you can attend the conference and are willing to present your results,

Best wishes
